

The greatest personality, not only of the present century but also of a whole new age which is beginning in our time, is **ADOLF HITLER**. The good news is that this extraordinary figure has come back and is very much alive in the world today. To help appreciate the true significance of this most remarkable man and His mission here on Earth, we offer the following testimony of our revolutionary political-religious fanaticism to protect and defend our White Aryan race.

The **NEW ORDER** is the vanguard National Socialist Community of Struggle living the **Faith of the Future**. Giving guidance and an understanding to our races new religion, with all of its rituals and myths which are necessary to discover, or rediscover. Its central theme is the apparition on this earth of the *Person Adolf Hitler*, the last lion of the 20th century, who came to produce this enormous storm, or catastrophe, in order to awaken all those who are asleep, and to commence the New Age, which will come after the inundation of present day Jewish-Marxism is crushed and defeated. That is the reason why we have started to count the years of this New Age beginning with the birth of *Hitler*.

We welcome those members of our White race who also want to cultivate the well being of Aryan Humankind and live the message of the **Faith of the Future**. To contribute in a positive way as Registered Supporters of the **NEW ORDER**, Join us! Contact us for details.
